sites advanced search Riotous Flesh: Women, Physiology, and the Solitary Vice in Nineteenth-Century America (American Beginnings, 1500-1900):

Nineteenth century America saw numerous campaigns against masturbation which was said to cause illness insanity and even death Riotous Flesh explores women s leadership of those movements with a specific focus on their rhetorical social and political effects showing how a desire to transform the politics of sex created unexpected alliances between groups that otherwise had very different goals As April R Haynes shows the crusade again
