**By Nathan Belofsky : Strange Medicine: A Shocking History of Real Medical Practices Through the Ages** jul 31 2013  
medicine is one of the cornerstones of modern civilization so much so that we take it for granted it wasn't always the case that you could just waltz  
nov 23 2010  
the tobacco smoke enema was a medical procedure that was widely used in western medicine during the turn of the 19th century the treatment included an Strange Medicine: A Shocking History of Real Medical Practices Through the Ages:

14 of 14 review helpful Interesting but repetitive By Laura P This book is interesting if you want to know some fun trivia or to be profoundly grateful not to have been born in medieval times My issue with it was that it seemed so repetitive from about the middle of the book to the end I think if it was organized differently by procedure perhaps instead of eras of medicine it would have been better It felt like the Strange Medicine casts a gimlet eye on the practice of medicine through the ages that highlights the most dubious ideas bizarre treatments and biggest blunders From bad science and oafish behavior to stomach turning procedures that hurt more than helped Strange Medicine presents strange but true facts and an honor roll of doctors scientists and dreamers who inadvertently turned the clock of medicine backward bull The ancient Egyptians applie From Publishers Weekly Belofsky The Book of Strange and Curious Legal Oddities conjures horror and hilarity sometimes at the same time in this cheeky history of 2 400 years of doctors doing more harm than good and occasionally fumb
