Crucial Interventions: An Illustrated Treatise on the Principles & Practice of Nineteenth-Century Surgery:

13 of 13 review helpful This book is full of beautifully drawn illustrations of surgical procedures with a running thread By T Fontenot This book is full of beautifully drawn illustrations of surgical procedures with a running thread of chapters retelling the history of the specialty I appreciated the detailed art but this is definitely not for the faint of heart 7 of 7 review helpful A beautifully illustrated look at the evolution of surgery as revealed through rare technical nbsp illustrations sketches and oil paintings The nineteenth century saw major advances in the practice of surgery In 1750 the anatomist John Hunter described it as ldquo a humiliating spectacle of the futility of science rdquo yet over the next 150 years the feared practical men of medicine benefited from a revolution in scientific progress and ldquo The most striking feature of this impressive book is the very large number of images reproduced from the historical collections of the Wellcome Library Every page is filled with vivid illustrations of surgical instruments and every conceivable surgical
