Clinic: An Archaeology of Medical Perception:

0 of 1 review helpful Five Stars By etienne Some consider it one of his most important books in explicating his views
1 of 3 review helpful demonstrates perfectly the presumed power of physicians and the humiliation patients suffer By
Terry Fugate for anyone who has ever been stuck in a waiting room and felt like an object this is a must read 0 of 2
review helpful In the eighteenth century medicine underwent a mutation For the first time medical knowledge took on
a precision that had formerly belonged only to mathematics The body became something that could be mapped
Disease became subject to new rules of classification And doctors begin to describe phenomena that for centuries had
remained below the threshold of the visible and expressible In The Birth of the Clinic the philosopher and intellectual
historian who may Learned and rewarding The Birth of the Clinic continues Foucault s brilliant history not of ideas as
such but of the of perception The New York Times Book The Birth of the Clinic attempts a minor revolution in
medical history writing Fou
