By D.T. Max : The Family That Couldn't Sleep: A Medical Mystery dt max is a graduate of harvard university and a staff writer at the new yorker his book every love story is a ghost story a life of david foster wallace the mystery

of sleep and the lucky few who dont need it all animals need sleep even insects but as ubiquitous as sleep is it is still very mysterious The Family That Couldn't Sleep: A Medical Mystery:

For two hundred years a noble Venetian family has suffered from an inherited disease that strikes their members in middle age stealing their sleep eating holes in their brains and ending their lives in a matter of months In Papua New Guinea a primitive tribe is nearly obliterated by a sickness whose chief symptom is uncontrollable laughter Across Europe millions of sheep rub their fleeces raw before collapsing In England cows attack their owners in the milking p
