By John Harley Warner, James M. Edmonson : Dissection: Photographs of a Rite of Passage in American Medicine 1880-1930 we would like to show you a description here but the site wont allow us 1 i celebrate myself and sing myself and what i assume you shall assume for every atom belonging to me as good belongs to you i loafe and invite my soul Dissection: Photographs of a Rite of Passage in American Medicine 1880-1930:

9 of 9 review helpful Looking into an avoided topic By Robert L Urban This is an interesting examination of a subject that I d not read about and one that I probably would not have chosen to pursue except that the irreverence of the cover illustration attracted me and aroused my curiosity about this phase of medical training Once I began to read the text I was quite caught up with the different aspects of this topic an Cadavers camera action The New York Times Book

Review From the advent of photography in the 19th and into the 20th century medical students often in secrecy took photographs of themselves with the cadavers that they dissected their first patients Featuring 138 of these historic photographs and illuminating essays by two experts on the subject Dissection reveals a startling piece of American history Sherwin Nuland MD said this is From Publishers Weekly This is a startling window into the education of American doctors in the late 19th and early 20th centuries on both a visceral level and for its revealing cultural record Cringe worthy shots of medical students bare handed gentlemen and a
