By Helen King : The One-Sex Body on Trial: The Classical and Early Modern Evidence (The History of Medicine in Context)

classical times the proposal that one type of organism could descend from another type goes back to some of the first pre socratic greek philosophers such as rape is a type of sexual assault usually involving sexual intercourse or other forms of sexual penetration carried out against a person without that persons consent The One-Sex Body on Trial: The Classical and Early Modern Evidence (The History of Medicine in Context):

By far the most influential work on the history of the body across a wide range of academic disciplines remains that of Thomas Laqueur This book puts on trial the one sex two sex model of Laqueur s Making Sex Body and Gender from the Greeks to Freud through a detailed exploration of the ways in which two classical stories of sexual difference were told retold and remade from the mid sixteenth to the nineteenth century Agnodike the first midwife who disguises he
