the End of Life:

8 of 8 review helpful How Death Has Changed And What This Means For Patients By Anne Mills In this very valuable book Dr Warraich examines how death has changed and discussing the implications of those changes for all of us We will all die and most of us will be involved in the deaths of others But the way most of us die has changed drastically over the past century Before then death usually came quickly at ho There is no more universal truth in life than death No matter who you are it is certain that one day you will die but the mechanics and understanding of that experience will differ greatly in today rsquo s modern age Dr Haider Warraich is a young and brilliant new voice in the conversation about death and dying started by Dr Sherwin Nuland and Atul Gawande Dr Warraich takes a broader look at how we die today from the cellular level up to the very defin Haider Warraich s elegant and poignant book takes us on an unforgettable journey Warraich s quest is remarkable he wants us to confront the act of dying A caring and thoughtful doctor he also writes beautifully drawing from his own patients and from st
