From Brand: Bloomsbury Academic : Plagues and Epidemics: Infected Spaces Past and Present (Wenner-Gren International Symposium Series) Plagues and Epidemics: Infected Spaces Past and Present (Wenner-Gren International Symposium Series):

Until recently plagues were thought to belong in the ancient past Now there are deep worries about global pandemics This book presents views from anthropology about this much publicized and complex problem The authors take us to places where epidemics are erupting waning or gone and to other places where they have not yet arrived but where a frightening story line is already in place They explore public health bureaucracies and political arenas where the pow interesting collection of nineteen essays admirably supported by cited literature that is largely scholarly but also includes articles in the popular press The Biologist A welcome progression of ideas from several fields that come together as a medical an
