By George Watzek : The Percrestal Sinuslift: From Illusion to Reality The Percrestal Sinuslift: From Illusion to Reality:

Transcrestal sinus floor elevation has become an increasingly popular procedure particularly with the introduction of innovations targeted at minimally invasive techniques. However, recent reports cast doubt on the efficiency and predictable success of standard techniques. This book is intended to alert the reader to the shortcomings of some accepted techniques of transcrestal sinus floor elevation and provide a blueprint to help develop transcrestal sinus floor
